

## NEW SPEED RECORD

Remarkably Fast Run Made Between New York and Chicago.

Some New Features to Be Added to Make High Life Comfortable to the Traveler on Swift Trains.

Fort Wayne, Ind., June 13.—All world's railway speed records were broken Monday morning by the Pennsylvania special in the run from Crestline to Fort Wayne. Three miles in 128 1/2 seconds, or a speed rate of 127.3 miles per hour, was shown in the vicinity of Elida, Ohio.

Made up 29 Minutes.

Chicago, June 13.—On its initial run from New York, the Pennsylvania railroad's 18-hour flyer, "the fastest long-distance train in the world, arrived in this city at 8:52 o'clock Monday morning, three minutes ahead of the schedule time. In order to accomplish this feat, extraordinary achievements in the way of fast running were necessary. After leaving Pittsburgh the tender of the big Atlantic type engine which had been attached at that city for the run to Crestline, Ohio, developed a hot-box about 20 miles east of Mansfield, Ohio. The engineer stopped his train and 15 minutes were lost in futile efforts to cool the troublesome axle. Finally a freight engine was attached and the train limped into Crestline. Here the regular engine was in waiting and when the "flyer" left the latter place it was 26 minutes late. The run to Fort Wayne, 131 miles away, was made in 114 1/2 minutes, an average of 68.6-10 miles an hour. When the train pulled out of Fort Wayne for the last lap of the long journey it was only 9 1/2 minutes late, 16 1/2 minutes of the lost time having been made up. Miles were frequently reeled off in from 44 to 50 seconds and an average speed of a mile a minute was easily maintained over long stretches of track.

Mile in 35 Seconds.

The first east-bound train of the Pennsylvania new 18-hour service between New York and Chicago arrived in Jersey City at 9:22 a. m. Monday, three minutes ahead of schedule time. The running time of the train from Chicago to Jersey City was 17 hours and 37 minutes. The engineer of the train said, on arriving, that a short distance east of Hobart, Ind., the train covered a mile in 35 seconds.

## ENFORCE ANTI-LOTTERY LAW

Postmaster General Cortelyou Instructs Postal Employees What to Exclude from Mails.

Washington, June 13.—A thorough enforcement of the anti-lottery law is urged on postmasters and all other postal employees in a general order promulgated Monday by Postmaster General Cortelyou.

It calls on all employees to examine mail matter, especially publications with the greatest care consistent with prompt transmission and delivery and to withdraw or exclude all such relating to lotteries and like enterprises. Many postmasters, the order adds, have been found negligent in this regard, as well as in the enforcement of fraud orders against lotteries in foreign countries. The order says that the terms of the law bar "endless chain" enterprises and so-called "gift concerns" or similar enterprises offering prizes dependent upon lot or chance, including "guessing" or "estimating" contests for prizes as well as drawings and raffles of every kind, whether general or local, for money of otherwise, for private gain or in aid of charitable, educational or religious objects. Publications, circulars, cards or pamphlets containing advices or other information relating to such enterprises are required to be withdrawn from the mails.

Kansas 50 Per Cent. "Dry."

Topeka, Kan., June 13.—Gov. Hoch has made public correspondence received from officers in the Kansas counties relative to the enforcement of the prohibitory law. The letters show that the prohibitory law is fairly well enforced in 80 per cent. of the counties of the state. It appears to be flagrantly violated in Wyandotte, Atchison, Leavenworth, Sedgwick, Crawford, Barton, Geary and a few other counties.

Oil Cheaper Than Coal.

Kansas City, Mo., June 14.—S. Y. High, superintendent of the water department, has submitted to the board an estimate of the cost of oil instead of coal as fuel at Turkey creek pumping station. According to the estimate the substitution of oil would save the city a sum approximating \$600 monthly at that station. The board will take up the matter again at the meeting Friday.

First U. S. Court at Joplin.

Joplin, Mo., June 13.—The first session of United States circuit court ever held in the new Joplin post office and court house opened Monday with Judge Smith McPherson, of Red Oak, Ia., presiding.

## EDITORS ENJOYED IT.

Entertainment at Ranch 101 was a Great Success—Several People Injured by Accidents.

Bliss, Ok., June 13.—A series of unlooked for events at Miller Brothers "101" ranch entertainment before the National Editorial Association Sunday made the Wild West show the most thrilling, spectacular and largest attended of its kind ever witnessed. The estimated attendance was from 50,000 to 70,000. On two different occasions while the spectators were applauding acts, especially pleasing, long sections of the grandstand gave way, injuring 19 persons, some of them seriously.

Twenty-five head of buffalo, in making a charge into the arena, nearly broke into the crowd. Four times wild steers broke loose among the spectators, who had forced themselves into the arena after the grandstand gave away, and the chase of the cowboys among the people and the scramble of the people to get out of the way were thrilling. The crowd was many times larger than any ever assembled in Oklahoma before.

The editors ate barbecued buffalo meat on their arrival at the ranch. Almost without exception they attended the event. They thought the crowd on the prairie the most remarkable thing they had seen on their travels and a fitting close to the tribal relations.

## A SCANDAL BREWING.

Investigation of Alleged Theft of Information on Cotton Reports May Take Wide Scope.

Washington, June 13.—It is stated at the department of agriculture that the scope of the investigation into the alleged theft of information concerning the government cotton reports is becoming broader. Facts have been developed indicating that a far-reaching scandal will be disclosed. Reason exists for believing that advance information has been secured by Wall street agencies bearing on other government reports, especially those dealing with wheat and corn. As these reports frequently influence the market, advance information upon their contents are of great value to speculators.

Edwin S. Holmes, the assistant statistician who was suspended by order of Secretary Wilson, was dismissed by the latter's order Saturday. The secretary has also wired John Hyde, the chief statistician, who is now on the way to Europe on a vacation, to return to Washington at once. The exact purpose of recalling him is not stated, but it is known that he is wanted in connection with the investigation.

## MRS. MYERS FOUND GUILTY.

Accused of Assisting to Murder Her Husband, Jury Says She Did It.

Liberty, Mo., June 13.—The jury in the Aggie Myers murder trial Sunday brought in a verdict of murder in the first degree.

This case was brought here from Kansas City on a change of venue.

Mrs. Myers was accused of assisting Frank Hottman to murder her husband Clarence Myers in Kansas City May 11 1904.

Hottman was the principal witness against Mrs. Myers in her trial here. It is stated by attorneys for Mrs. Myers that a motion will be filed for a new trial and if overruled the case will be appealed. If the present verdict stands Mrs. Myers must be sentenced to be hanged.

## COL. COLVILLE IS DEAD.

He Led the Famous Charge of the First Minnesota Regiment at Gettysburg.

Minneapolis, June 14.—Col. William Colville of Red Wing, Minn., who led the famous charge of the First Minnesota regiment at the battle of Gettysburg, was found dead in bed Tuesday at the Minnesota Soldiers home, this city. He was to participate in the celebration of the re-union of the regiment Tuesday. He was 72 years old.

The first Minnesota, commanded by Col. Colville in the latter part of the war, was the first regiment offered for the Civil war. At Gettysburg 264 men were in a historic charge. Forty-three returned alive and uninjured. Col. Colville, who led, was wounded seven times.

Merchants Paying Tribal Tax.

Washington, June 12.—Secretary Hitchcock Sunday received a dispatch from Muskogee, I. T., reporting that 30 business firms have paid the tribal tax about which there has been considerable controversy and that others will do so as fast as their accounts can be made up. The delegation of business men from Muskogee which is here to make protest against the enforcement of the tax will make an effort to see the president Monday and Secretary Hitchcock probably will go with them.

## ANTIQUITY OF INSURANCE.

The Marine Branch Came First and Dates Back to the Caesarian Period.

Marine insurance dates back to the time of the Caesars, Claudius Caesars having been the first to insure vessels states the New York Herald.

During a famine he issued a proclamation that all vessels engaged in the carriage of foodstuffs meeting with an accident would be replaced by the state, and by so doing largely increased the fleet of merchant vessels.

The Jews had some system of insurance from early times, as did the Greeks, while the Romans must have introduced the idea into Britain, since in 1601 an English statute says:—"It hath been tyme and out of mynd, an usage amongst mechanics, both of this realm and furraun nacynones, when they make any good adventure to give some consideration of money to other persons to have assurance made of all their goods."

Fire insurance was the outcome of the marine insurance, and life insurance did not follow until some time after. Now it is possible to have almost any sort of insurance, the latest being the formation of a company to guarantee that the cost of construction on a building shall not exceed the estimates made by the architect.

## WHISKERS OF FOREIGNERS.

In France the "Box" Beard Is Popular and in England the "Butter fly" Mustache.

"The most remarkable whisker novelty," the barber said, according to the Chicago Chronicle, "is to be found in France. Frenchmen for the last six months have been wearing box beards. A box beard is as square as a piece of carpentry, nine inches long, five inches wide, two inches deep, every corner sharp and true and all the surfaces, upper and under and side, smoothed as if with a plane.

"The box beard is neat and queer. It was introduced by the king of the Belgians.

"The English have a new mustache—the butterfly. The butterfly is not more than two inches long. It is just a feathery little thing under the nose, with ends turning upward and inward. It has been adopted by all the young army officers. The king has stamped it with the stamp of his approval.

"You will hardly believe it, but in Italy the patch is being worn. The Italian has his chin shaved smooth except for a tiny circular patch the size of a shirt stud, and in this patch he grows a little tuft a half inch long. It is as though the Italian had a mole there, but he has no mole really. The patch is just his coquetry."

## WASHING AWAY THEIR SINS

Natives of India Seek the Waters of the Ganges River That They May Become Pure.

The Nephel ghat is a mass of preachers' umbrellas, with bathers swarming thick as flies, says F. J. O. Alsop in Outlook. Men stand upright on the abutting ramparts and fall full length in worship of the sun; three times they so prostrate themselves, and then they bathe in the sacred waters and are washed of sin. At one end old women and young, trying hard to keep from shivering, advance slowly into the waters, and then with one bold effort duck suddenly and, once wet, bob down twice more. They lift the sacred water in their palms and, throwing it into the air, pray vehemently. Then they leave the water and remove their clinging, dripping clothing from beneath a clean, dry wrap. Chatting to one another and with happy faces, they mount the broad flight once more and disappear up a narrow alleyway to pray at the shrines above. Some of them are old women with white, close-cropped heads, come, perhaps, from the far southern end of the peninsula to enter the Holy City and bathe in chill Mother Ganges. For then they may die in peace.

Politics Was His Religion.

Prominent men advise young men to go into politics. A great statesman once said: "Politics comes nearer religion with me—a party more like a church, error more like heresy, prejudice more like sin—than I find it to be with better men."

Patriotic Japanese.

During the last three years the Japanese in three big centers of Japanese population—San Francisco, Seattle and Honolulu—have contributed to the war fund a total of \$5,015.82.

A Beautiful Life.

Look for comfort in commonest things and in commonest persons; it belongs only to those who find it and has a value beyond that of gold. This search will not interfere with duty, but may soften its asperities, for a beautiful life is the choicest blossom of a dutiful one.—Annie H. Ryder.

Sharks Frightened Out.

As a curious effect of the war, the China Review notes, sharks have migrated from the far east to European waters, having been frightened, it is thought, by submarine explosions.

## REASONABLE REFLECTION.

A Practice That Is Reprehensible at Unseasonable Hours Only.

John Farnson, the Chicago banker, who has drawn up a list of satirical rules for entering society, holds that there is too much dissipation among the rich, says the New York Tribune.

"A remark I heard the other day," he said to a reporter, "would apply well to the average society man."

"A middle-aged couple were talking about the Russo-Japanese war and the habits of Japan."

"How curious," the man said, "that Japanese custom is of taking off the shoes before entering the house."

"It is only curious," the woman retorted, "because it is practiced at all hours instead of at night solely."

Where Lies the East?

"Yes, I've just returned from a two months' visit in the east," the Portland young lady was saying, "and, oh, I had such a lovely time! Those easterners are so different from us, though."

"What points did you visit?" inquired the newcomer in Oregon. "I do hope you saw dear old Boston."

"Boston!" the Portland girl ejaculated. "I should say not. I was in Montana."

—Portland Oregonian.

Injunction Is Issued.

A stringent injunction has been issued against the malignant activity of dyspepsia, amongst all people, by Dr. Caldwell's (laxative) Syrup Pepsin. Do not fail to invoke the powerful aid of this great enemy of all stomach and bowel disorder at the least sign of trouble in any of your digestive organs. It will promptly and surely set them right, and make you well. Try it. Sold by all druggists at 50c and \$1.00. Money back if it fails.

It often happens that man will put himself to no end of trouble to find the key to a woman's heart, when all the time the door is wide open.—Life.

Special Low Rates to N. E. A. Meeting, Asbury Park, N. J.

July 3-7, via Nickel Plate Road. Long return Limit and Stop-over privileges at Chautauqua Lake, N. Y., Niagara Falls and New York City. Full information of Agent, or address J. Y. Calahan, General Agent, 111 Adams St., Chicago, Ill.

The fact that the Russian general kisses his soldiers hardly accounts for it. They ought to feel like fighting after that.—Binghamton Leader.

Ladies Can Wear Shoes

One size smaller after using Allen's Foot-Ease. A certain cure for swollen, sweating, hot, aching feet. At all Druggists, 25c. Accept no substitute. Trial package FREE. Address A. S. Olmsted, Le Roy, N. Y.

Never strike a man when he is down. Ten chances to one he will get up again.—Detroit News.

His Health Was Wrecked, Pe-ru-na Gave New Life.

HON. JOHN TIGHE.

Assemblyman Tighe's letter should be read by every brain worker leading a strenuous life.

Hon. John Tighe, No. 98 Remsen St., Cohoes, N. Y., Member of Assembly from the Fourth district, Albany county, N. Y., writes as follows:

"Peruna has my hearty indorsement as a restorative tonic of superior merit. At times when I have been completely broken down from excess of work, so that my faculties seemed actually at a standstill, Peruna has acted as a healing restorer, starting the machinery of mind and body afresh with new life and energy."

"I recommend it to a man tired in mind and body as a tonic superior to anything I know of and well worthy serious consideration."—J. Tighe.

Excess of work so common in our country causes impaired nerves, leading to catarrh and catarrhal nervousness—a disease that is responsible for half of all nervous troubles.

Peruna cures this trouble because it cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## NAMES BEST DOCTOR

MR. BAYSSON PUBLISHES RESULTS OF VALUABLE EXPERIENCE.

A Former Pronounced Dyspeptic He Now Rejoices in Perfect Freedom from Miseries of Indigestion.

Thousands of sufferers know that the reason why they are irritable and depressed and nervous and sleepless is because their food does not digest, but how to get rid of the difficulty is the puzzling question.

Good digestion calls for strong digestive organs, and strength comes from a supply of good rich blood. For this reason Mr. Baysson took Dr. Williams' Pink Pills for the cure of indigestion.

"They have been my best doctor," he says. "I was suffering from dyspepsia. The pains in my stomach after meals were almost unbearable. My sleep was very irregular and my complexion was sallow. As the result of using eight boxes of Dr. Williams' Pink Pills, about the merits of which I learned from friends in France, I have escaped all these troubles, and am able again to take pleasure in eating."

A very simple story, but if it had not been for Dr. Williams' Pink Pills it might have been a tragic one. When discomfort begins with eating, fills up the intervals between meals with pain, and prevents sleep at night, there certainly cannot be much pleasure in living. A final general breaking down must be merely a question of time.

Mr. Joseph Baysson is a native of Aix-les-Bains, France, but now resides at No. 2439 Larkin street, San Francisco, Cal. He is one of a great number who can testify to the remarkable efficacy of Dr. Williams' Pink Pills in the treatment of obstinate disorders of the stomach.

If you would get rid of nausea, pain or burning in the stomach, vertigo, nervousness, insomnia, or any of the other miseries of a dyspeptic, get rid of the weakness of the digestive organs by the use of Dr. Williams' Pink Pills. They are sold by druggists everywhere.

Proper diet is, of course, a great aid in forwarding recovery once begun, and a little book, "What to Eat and How to Eat," may be obtained by any one who makes a request for it by writing to the Dr. Williams Medical Co., Schenectady, N. Y. This valuable diet book contains an important chapter on the simplest means for the cure of constipation.

## For Hot Weather

A FREE BOTTLE OF

## MULL'S GRAPE TONIC

to any one who will write for it now.

HAVE YOU

## CONSTIPATION

Stomach Troubles, Indigestion, Dyspepsia, Blood Poison, Skin Diseases, Sores, Sudden Bowel Trouble, Diarrhea, Cholera, Etc.?

No one whose bowels are healthy and active contracts these complaints. Invariably they are the result of Constipation which means decayed, poisoned and dying bowels or intestines.
